Labyrinth 241

A square maze with a complex internal structure of black walls. A red line traces a path through the maze, starting from the bottom center and ending at the top center. At the bottom center, there are two arrows: a black arrow pointing up and a red arrow pointing down. The red path starts at the red arrow, moves up, then follows a series of turns to exit the top of the maze at the top center.

A square maze with a red path. The path starts at the bottom right corner, moves left, then up, then left again, and continues in a complex pattern through the maze. Arrows at the start and end points indicate the direction of travel.

A square maze with a complex internal structure of black walls. A continuous red line traces a specific path through the maze, starting from the bottom edge and ending at the top edge. The path begins near the bottom center, moves left, then follows a series of turns along the left and top edges before exiting at the top center.
