A diagram of a maze with a red path and a black arrow. The maze is composed of black lines forming a complex network of paths and dead ends. A red line traces a specific path through the maze, starting from the top right, moving left, then down, then left again, and finally down to the bottom left. A black arrow points to the start of the red path at the top right.

A square lattice of black lines forming a complex, interconnected pattern. A red line traces a boundary within the lattice, starting from the top left and ending at the bottom right, following the edges of the black lines.
